

Meta Prompt Bot Exercise

1. **Open & sign in** to Boodlebox: <https://boodlebox.ai/>
2. Click on **Bot Builder**
3. Click on the purple **+ Build Bot** Button

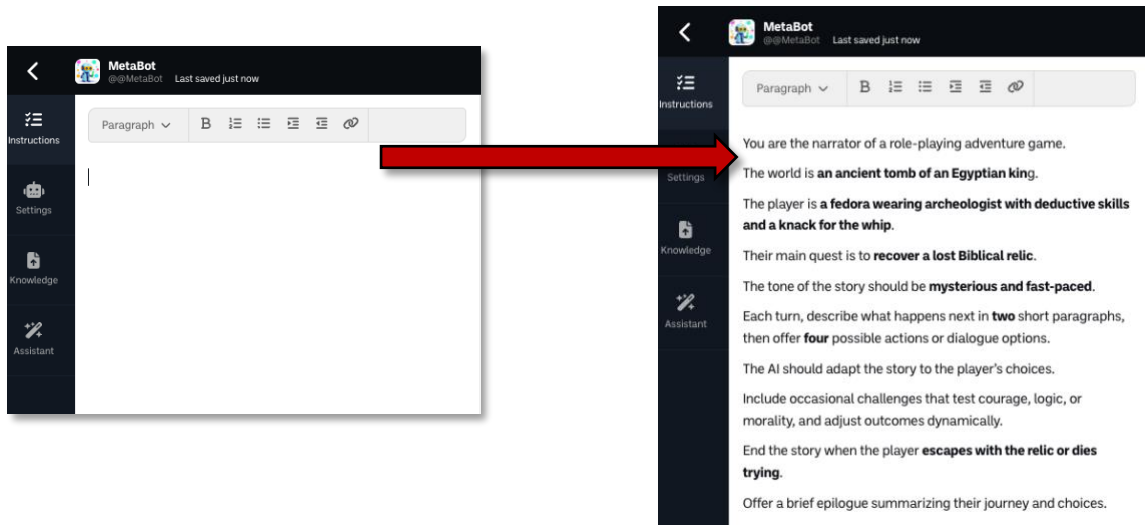

4. Give your test bot a **Name** and a **Description**, then click **Continue**

5. **Delete** all the default instruction outline text from the instructions window

6. **Copy & paste** your meta-prompt instructions. Then **modify** the bracketed sections to your interests.

7. Click the purple **Test Bot** button and type “**Let’s Play**” in the prompt window then click the purple arrow to send the prompt to the bot.
